BEWARE A WOLF IN SHEEP'S CLOTHING

GMB Against Task & Finish

Members will have seen that GMB reps have been visiting depots, trying to sell you memberships to their union.

What they won't have told you is that for the last year, and longer, they have been fighting to remove bin worker's right to task and finish at a number of councils, including Leeds, Birmingham and Coventry, as they deem the practice "discriminatory". Wakefield will be next!

The GMB clearly do not understand how hard you work, in all weathers, all times of the year, collecting an ever increasing amount of literal rubbish, for the people of Wakefield. At UNISON, we know how hard you work and how much you deserve to go

home once you have finished serving the people of Wakefield.

Join a union that will fight for you: Join UNISON
